Google Developer Groups
On Campus Chandigarh University

ELITE

This is to certify that

Anisha Kumari

has successfully completed the GenAI Study Jams organised by Google Developer Groups On Campus (GDG) Chandigarh University.

This certificate is awarded in recognition of their dedication, active participation, and commendable understanding of Generative AI and Cloud Computing fundamentals and applications.

Their commitment to acquiring advanced skills reflects their enthusiasm for innovation and growth in emerging technologies. We acknowledge their efforts and encourage them to continue striving for excellence in the field of Generative AI and Cloud Computing
